

## WEBINAR

# WHAT WILL HAPPEN IF IN THE NEXT WEEKS ROE V WADE IS OVERTURNED BY SUPREME COURT RULING?

**Tuesday 14<sup>th</sup> June 2022**  
**03:00 p.m. – 06:00 p.m. CET**

*In 1973 Roe v Wade asserted the universal right to privacy for women demanding abortion: that decision determined a significant leap in Western culture, since it changed a "form of life". After half a century there are good reasons to think that Roe will be overturned and that the right to abortion will be dependent on any single State's decisions.*

*Abortion will be permitted in some States and prohibited in others.*

*What will the effects of such a decision be in the reproductive field in the US and over the world?*

*Will it be the beginning of a new era of limitations of reproductive choices, or simply a shortlived phase that will be reverted?*
