

# La funzione civile dell'Università

VALERIO ONIDA

*The Civil Function of University*

*Abstract:* The civil function of University consists in what this institution does for the construction, the preservation, and the advancement of democratic society. Democracy needs university culture: without it, democracy risks losing the premises of its survival and its development. The typical task of university culture is to promote and nurture the passion for critical thinking.

*Keywords:* Democracy, Culture, Civil function of University, Constitution.
