

OGM: perché ci hanno voluto spaventare?

ROBERTO DEFEZ

GMOs: why did they want to scare us?

Abstract: The debate on GMOs oscillates between heated public interest and temporary indifference. If we review what occurred in 2015, we ought to acknowledge that this year has witnessed very meaningful events that we should try to organize as experts too may sometimes find them obscure.

Keywords: GMOs, European regulation on GMOs, Genetics, Safeguard clause.
