

Disabilità, soggettività, diritti: tracce di un percorso

MARIA GIULIA BERNARDINI

Disability, Subjectivity, Rights: Traces of a Path

Abstract: In reply to the comments on *Disabilità, giustizia, diritto* (Giappichelli, 2016), the Author addresses issues concerning the existence of the “human rights model” of disability, the enduring normalizing attitude towards disabled people and the lasting exclusion of the so called “inevitable dependent”.

Keywords: Disability studies, Models of disability, Caregiver, Human rights.
