

# **Ragioni di giustizia e stabilità politica: l'estensione del diritto di matrimonio alle coppie dello stesso sesso**

FEDERICA LIVERIERO

*Reasons of Justice and Political Stability: the Extension of the Right of Marriage to Same-sex Couples*

*Abstract:* In *Il liberalismo politico e il matrimonio tra persone dello stesso sesso* (2018) Viaggiani analyses the harsh debate concerning the extension to the right to marry for same-sex people proposing a conceptual analysis of “marriage” as a normative concept and insisting on the importance of such social institution in grounding the extension of individuals moral powers (in the Rawlsian sense). Viaggiani provides many strong arguments in favor of the extension, debating with a long-standing literature, both in political philosophy and in philosophy of law.

*Keywords:* Inclusion, Equal opportunity, Social bases of self-respect, Same-sex marriage, Stability.
