Radical Feminism and Transsexuality. Some Considerations Stemming from the Arcilesbica Case

Abstract: The paper aims at deepening some of the statements made by association Arcilesbica at the national congress in 2017, in order to stimulate and enrich the discussion within the homosexual community on the political positioning towards transsexual people. While doing it, the opportunity will be taken to highlight how the friction between radical feminism and transsexuality can be traced back to 1970s.

Keywords: Radical feminism, Arcilesbica, Transsexuality, Terf, Gender identity.
