The Role of Environmental Constitutionalism Moving from the Recent Book of Domenico Amirante

Abstract: Environmental constitutionalism is gaining importance as a key factor for the development of environmental law and the achievement of the changes needed to address climate emergency. Amirante's book invites to the study of this subject, neglected for years, but that is now generating more interest, especially in Italy after the constitutional reform that introduced the protection of environment in the Italian Constitution.

Keywords: Environmental constitutionalism, Future generations, Climate change.
