FEDERICO GUSTAVO PIZZETTI

*Europe of Rights in Transformation*

*Abstract:* The latest publication by Alessandra Facchi, Silvia Falcetti, and Nicola Riva delves into the history and theory of fundamental rights in Europe, and explores some significant case-law by European Courts concerning crucial areas of social, political, and legal transformations (such as sex and gender, employment and environment, religion and culture). The book offers many valuable insights to scholars and students in law, philosophy and political science for a comprehensive analysis of the current state of art of fundamental rights' protection and balancing in the European supranational arena.

*Keywords:* Fundamental rights, European Union, Jurisprudence.
