

Moore e la nascita dell'etica analitica

Commenti all'edizione italiana di *Principia Ethica* di G.E. Moore

Moore, il buono e il giusto

SERGIO FILIPPO MAGNI

Moore, the Good and the Right

Abstract: This article deals with the new Italian edition of G.E. Moore's *Principia Ethica*. It discusses Cremaschi's introductory essay, which consciously underestimates the place of Moore in the development of contemporary philosophical ethics and tries to highlight some problems in the Italian translations of the pivotal terms 'right' and 'wrong', 'rightness' and 'wrongness'.

Keywords: G.E. Moore, Metaethics, Utilitarianism, Naturalistic fallacy, Rightness, Wrongness.
